All the examination tasks, including the assets required to complete the practical tasks, have been loaded on to your computer.

The examination tasks will be completed entirely electronically using the computer you have been allocated.

It is essential that you carefully follow the instructions regarding the composition and length of your multimedia productions.

You can review and modify your answers at any time.

All responses must be in English.

Students are NOT permitted to bring mobile phones and/or any other electronic communication devices into the examination room.

Press the 'NEXT' button to proceed.

The questions menu at left and the right and left arrow keys on the computer keyboard can also be used to navigate through the examination.

		Total	90

Press the 'NEXT' button to proceed.

The questions menu at left and the right and left arrow keys on the computer keyboard can also be used to navigate through the examination.

Multiple-choice questions

Answer **all** questions.

Choose the response that is correct or best answers the question.

For multiple-choice questions click the button next to the correct answer. Your answer is confirmed in the box at the base of the question.

Each question is worth one mark. Marks will not be deducted for incorrect answers.

Answers will be automatically saved. You will be able to review and change your answers at any stage — your last answer will be the answer marked.
