

Get  
VET

There is not a day that I spend with horses that I don't draw upon at least one piece of information that I learned through VET.

# MY VET SUCCESS STORY ALEXANDRA

Stable Hand, Instructor,  
Bachelor of Psychology Student

**3 words that describe VET:**  
Enjoyable. Informative. Useful.

**Secondary school:** Firbank Grammar School

**Location:** Brighton

**VET qualification:**

- Certificate II Equine Studies

## WHY I CHOSE VET

I wanted to study Equine Industry in my VCE to increase my knowledge about general horse care and health and to increase my employability in the equine industry.

## WHAT I GOT OUT OF VET

The knowledge that I acquired from VET has assisted me in becoming a proficient horse owner and carer. The information on equine structure and movement that the Certificate II Equine Studies taught me gave me a solid foundation of knowledge which enables me to get the most out of the clinics and courses that I have completed.

## MY VET SUCCESS STORY

VET equipped me with the essential skills that I needed to enter the equine industry as an informed, competent, and skilled stable hand. Since completing my Certificate II in Equine Studies, I have gone on to work as a Stable Hand and Instructor at Avoca Park Equestrian. I am also in the process of becoming a qualified Equestrian Australia Introductory Coach and licensed teacher in the School of Légèreté.

## MY ADVICE

Ensure you have a solid understanding of the concepts you study throughout the course because the knowledge and skills will be useful in your future.

## MY PATHWAY

1	COMPLETED
<p><b>VCE</b> VCE VET Equine Studies English Biology Chemistry Mathematical Methods Psychology</p> <p><b>EMPLOYED CASUAL</b> Stable Hand and Riding Instructor</p>
